Sonha instant water heater possesses many features to ensure user safety, making hot water extremely fast with hight-efficiency heating technology, minimizing power consumption and saving costs.

PRODUCT ADVANTAGES

ANTI-SCALD / INTEGRATED SHOCK PROTECTION (ELCB)

Integrates an anti-leakage ELCB and a waterproof casing to ensure absolute safety.

DOUBLE-POLE POWER CUT-OFF

Automatically disconnects both power poles simultaneously in case of an issue, maximizing protection.

OVERHEAT PROTECTION MECHANISM

Combines smart algorithms and mechanical design to ensure safe and stable operation.

WATER FLOW SENSOR

Automatically shuts off when there is no water flow, protecting the heating element and increasing durability.

WATERPROOF CASING

Premium outer casing prevents water splash intrusion, offering maximum protection for internal components.
